EXPERIENCE

BUSINESS AUTOMATION LTD. | INTERN
July 2024 – September 2024 | Dhaka, Bangladesh

- → Gained strong theoretical knowledge of web development and backend frameworks, with a focus on real-world application and industry best practices.
- → Developed a solid understanding of the Software Development Life Cycle (SDLC) for professional project execution.

ARTICO | JUNIOR SOFTWARE ENGINEER (PART-TIME)
January 2023 – June 2024 | Dhaka, Bangladesh

- → Developed and maintained eCommerce websites using Laravel, enhancing user experience and backend functionality, while collaborating with cross-functional teams for seamless feature integration.
- → Managed project documentation to ensure clarity and accuracy for ongoing development.

PROJECTS

PET ADOPTION PLATFORM | LARAVEL
University Project, 2022

- → Developed a Laravel-based backend API for a pet adoption platform, allowing shelters to manage pets and users to apply for adoption.
- → Implemented JWT authentication and an adoption application system to enhance user experience and data security.
- → Project Link : GitHub Postman

BOOK REVIEW | LARAVEL
Personal Project, 2022

- → Developed a book review website, enabling users to rate books and access information on the highest-rated books across various categories.
- → Implemented features for user reviews and rating aggregation, enhancing user engagement and book discovery.
- → Project Link : GitHub

GUESS MY NUMBER | JS
Personal Project, 2023

- → Developed a simple number-guessing game using raw JavaScript.
- → Implemented game logic to enhance user interaction and experience.
- → Project Link : GMN
